

# FYSA BACKGROUND CHECK, SAFESPORT CERTIFICATION & CERTIFIED CDC HEADS UP CONCUSSION COURSE ON GOTSOCGER.COM

To access the FYSA Background, you login to your coaches account on GotSoccer.com. If you have coached in a previous season, you will use the same login credentials. If you are a new coach (or do not remember your login), you will receive your login information in an email once you have been assigned to a team. Once you login in you are brought to the coaches home page. It looks like this.

There are two tabs that are relevant for completing your coaching requirements for FYSA .

You can confirm that your background check has been submitted by clicking the background check tab. The video shown below is a concussion awareness video affiliated with the background submission but is not the concussion course required for coaching. This will not provide you with the certificate of completion that is needed.

The screenshot shows a web interface for a Coach Account. At the top, there are navigation tabs: Home, My Profile, Club / Association, Background Checks (selected), Learning Center, and Log Out. The main content area is titled "Background Check Information" and includes a "Current Background Check Report". The report details include: Report # 01215723, Submitted 8/1/2019 5:30:44 PM, Response 8/1/2019 5:31:32 PM, Status: Florida Youth Soccer Association (FL) Processing - (Expiring on: 7/1/2020), Report #: 1215723, Submitted: 8/1/2019, and Card. Below the report, there is a video player titled "Concussion Awareness - Please watch before submitting background check". The video content includes a list of bullet points: "Consider all perspectives", "Know the cues and take action", "The player's health and safety is the priority", "Don't put a player back in the game without clearance from a healthcare professional", and "The referee will keep stopping the game unless the player is properly cleared".

To complete the required and certified courses for SafeSport and concussion, you can select the Learning Center tab or go back to your home page. The required courses are called Heads Up Concussion in Youth Sports and SafeSport. In the learning center tab, you will need to click on courses not the information tab.

**IMPORTANT NOTE:** We cannot stress enough how important it is for your full name (Robert not Bob) match in every system as well as your email address. SafeSport requires a registration to access from GotSoccer. **PLEASE** make sure everything is the same. GotSoccer cannot locate your certifications unless it matches. This will save you a lot of headaches.
